5.3.2 The Bank may, at its sole discretion, waive any minor infirmity, non-conformity, or irregularity in a Bid which does not constitute a material deviation, provided such a waiver does not prejudice or affect the relative ranking of any Bidder.

5.3.3 Prior to the detailed evaluation, the Bank will determine the substantial responsiveness of each Bid to the Bidding document. For purposes of these Clauses, a substantially responsive Bid is one, which conforms to all the terms and conditions of the Bidding Document without material deviations.

5.3.4 Deviations from or objections or reservations to critical provisions, such as those concerning Bid security, performance security, qualification criteria, insurance, Force Majeure etc will be deemed to be a material deviation.

5.3.5 The Bank’s determination of a Bid’s responsiveness is to be based on the contents of the Bid itself, without recourse to extrinsic evidence. The Bank would also evaluate the Bids on technical and functional parameters.
including possible visit to inspect live site(s) of the bidder, witness demos, bidders presentation, verify functionalities/ response times etc.

5.3.6 If a Bid is not substantially responsive, it will be rejected by the Bank and may not subsequently be made responsive by the Bidder by correction of the nonconformity.

5.3.7 The Bidder is expected to examine all instructions, forms, terms, and specification in the Bidding Document. Failure to furnish all information required by the Bidding Document or to submit a Bid not substantially responsive to the Bidding Document in every respect will be at the Bidder's risk and may result in the rejection of its Bid.

5.3.8 The bidder should satisfy the pre-qualification criteria as specified in the tender.

5.4 Technical Evaluation

5.4.1 Pursuant to the evaluation of pre-qualification/ minimum eligibility criterion mentioned above, bidders will be short-listed for technical evaluation. Technical evaluation will be carried out only for the bidders who succeed the prequalification criterion.

5.4.2 Bank will review the technical bids of the short-listed bidders [who qualify the minimum eligibility criteria] to determine whether the technical bids are substantially responsive. Bids that are not substantially responsive are liable to be disqualified at Bank’s discretion.

5.4.3 During Technical evaluation the Bank at its discretion may ask the bidders for the demonstration / POC of all or some components/features and components of the hardware items quoted by them. However, Bank will not pay/reimburse any expenditure incurred by the vendor for arranging the demonstration / POC.

5.4.4 Bank may waive off any minor infirmity or nonconformity or irregularity in a bid, which does not constitute a material deviation, provided such a waiving, does not prejudice or affect the relative ranking of any bidder.

5.4.5 Technical evaluation would be carried out and all bidders who qualify the technical evaluation will be shortlisted for commercial evaluation.

5.5 Commercial Bid Evaluation

5.5.1 All the bidders who qualify in Technical evaluation as per the criteria mentioned above would be shortlisted for commercial evaluation.

5.5.2 The commercial bids of only those vendors who qualify in the technical evaluation will be opened. The date for opening of the commercial bid would be communicated separately to the technically eligible vendors.

5.5.3 Bidders who do not qualify the technical evaluation will not be invited for opening of commercials.

5.5.4 Bank will award the contract to the successful bidder(s) whose bid has been determined to be substantially responsive and has been determined as the Lowest Commercial bid (L1).

5.5.5 The commercial bids submitted by vendors will be evaluated based on discounted total cost of ownership. The discount rate will be used @ 10%. The key considerations of the TCO would be the total payouts for entire project through the contract period, discounted at 10% to arrive at the present value of the future cash outflows. Accordingly the L1 (Lowest Vendor) would be arrived at.

5.5.6 The discounted rate will be calculated on yearly basis based on the
Formula \( A/(1+i/100)^n \) where \( A = \) Total Value in each Year; \( i = 10\% \) and \( n = \) Year.

5.5.7 The Present Value will be calculated for all components where the payment is recurring year on year. The Present Value for the component will start from the year of purchase of that component / start of the services (AMC) and shall be calculated till the end year of the contract. Further \( n - \) number of period will be '0' in the year of purchase of that component / start of the services and subsequently increased by 1 for subsequent years.

5.5.8 Any component / service for which the payment is a One Time Cost the NPV cost of the equipment / service for that year will be considered and the relevant year's NPV cost will be added as part of the Present Value calculation for that year. Further the payment of the OTC component / service not being recurring in nature hence the present value for that component / service will be considered in the year of purchase only and not in subsequent years.

5.5.9 Lowest cost bid would be arrived as follows:

a) \( X_1 \): Cost of New Hardware including installation/configuration/integration which is inclusive of all taxes, levies, duties etc. except GST with 3 years back to back Warranty and Support from OEM.

b) \( X_2 \): Cost of Licenses inclusive of all taxes, levies, duties etc. except GST at present value (PV)

c) \( X_3 \): One Time Training Cost inclusive of all taxes, levies, duties etc. except GST.

d) \( X_4 \): One Time Manpower Charges inclusive of all taxes, levies, duties etc. except GST for one resource for a period of 10 days.

e) \( X_5 \): Cost of four Year AMC (from 4th year onwards) with back to back OEM support and bidder Support charges inclusive of all taxes, levies, duties etc. except GST at present value (PV).

f) \( X_6 \): Any Other charges inclusive of all taxes, levies, duties etc. except GST if recurring at present value (PV)

g) \( X_7 \): Buy Back devices charges.

h) \( TCO \): Total Cost of Ownership based on Present value inclusive of all taxes, levies, duties etc. except GST for a period of Seven Years.

i) \( TCO=X_1+X_2+X_3+X_4+X_5+X_6-X_7 \)

The present value (PV) will be calculated as per the following formula:

\[
PV = \frac{C}{(1+r)^n}
\]

Where:
- 'C' is the amount of each year.
- 'r' is discount rate for calculation purpose will be taken as 10%.
• 'n' is number of years, i.e. 'n' is 1 for 1st year, 2 for 2nd year, 3 for 3rd year, 4 for 4th year etc of AMC / license/ support.

5.5.10 Arithmetic errors correction: Arithmetic errors, if any, in the price break-up format will be rectified on the following basis:

1. If there is discrepancy between the unit price and the total price, which is obtained by multiplying the unit price with quantity, the unit price shall prevail and the total price shall be corrected unless it is a lower figure. If the supplier does not accept the correction of errors, its bid will be rejected.

2. If there is discrepancy in the unit price quoted in figures and words, the unit price, in figures or in words, as the case may be, which corresponds to the total bid price for the item shall be taken as correct.

3. If the vendor has not worked out the total bid price or the total bid price does not correspond to the unit price quoted either in words or figures, the unit price quoted in words shall be taken as correct.

4. Bank may waive off any minor infirmity or nonconformity or irregularity in a bid, which does not constitute a material deviation, provided such a waiving, does not prejudice or affect the relative ranking of any bidder.

5.6 Award of Contract

The Bank will award the contract to the successful Bidder, out of the Bidders who have responded to Bank’s tender as referred above, who has been determined to qualify to perform the contract satisfactorily, and whose Bid has been determined to be substantially responsive, and is the Lowest commercial Bid i.e. L1 (as determined by commercial evaluation given in Section 5.5).
6. Terms and conditions

6.1 General

6.1.1 General Terms

The Bank expects the vendor to adhere to the terms of this tender document and would not accept any deviations to the same.

Unless expressly overridden by the specific agreement to be entered into between the Bank and the vendor, the tender document shall be the governing document for arrangement between the Bank and the vendor.

The Bank expects that the vendor appointed under the tender document shall have the single point responsibility for fulfilling all obligations and providing all deliverables and services required by Bank.

Unless agreed to specifically by the Bank in writing for any changes to the issued tender document, the vendor responses would not be incorporated automatically in the tender document.

The Bank is not responsible for any assumptions or judgments made by the vendor for arriving at any type of costing. The Bank at all times will benchmark the performance of the vendor to the RFP and other documents circulated to the vendor and the expected service levels as mentioned in these documents. In the event of any deviations from the requirements of these documents, the vendor must make good the same at no extra costs to the Bank, in order to achieve the desired service levels as well as meeting the requirements of these documents. The Bank shall not be responsible for any assumptions made by the vendor and the Bank’s interpretation will be final.

6.1.2 Rules for Responding to this RFP

6.1.2.1 All responses received after the due date / time as mentioned in “[A] Important Dates – 5. Last Date of Submission of RFP Response (Closing Date)” would be considered late and would be liable to be rejected.

6.1.2.2 All responses should be in English language. All responses by the vendor to this tender document shall be binding on such vendor for a period of 180 days after opening of the bids

6.1.2.3 All bid responses would be deemed to be irrevocable offers / proposals from the vendors and may be accepted by the Bank to form part of final contract between the Bank and the selected vendor/s. unsigned responses would be treated as incomplete and are liable to be rejected.

6.1.2.4 The bids once submitted cannot be withdrawn / modified after the last date for submission of the bids unless specifically permitted by the Bank. In case, due to unavoidable circumstances, the Bank does not award the contract within six months from the last date of the submission of the bids, and there is a possibility to award the same within a short duration, the vendor would have the choice to maintain the EMD or bank guarantee in lieu of EMD with the Bank or to withdraw the bid and obtain the security provided.
6.1.2.5 Either the Indian agent on behalf of the principal/ OEM or Principal/ OEM itself can bid but both cannot bid simultaneously for the same product in this tender. If an agent submits bid on behalf of the Principal/ OEM, the same agent cannot submit a bid on behalf of another Principal/ OEM in this tender for the same items/ product.

6.1.2.6 The vendor may modify or withdraw its offer after submission, provided that, the Bank prior to the closing date and time receives a written notice of the modification or withdrawal prescribed for submission of offers. No offer can be modified or withdrawn by the vendor subsequent to the closing date and time for submission of the offers.

6.1.2.7 The vendor is required to quote for all the components/ products mentioned in the “Project scope” and all other requirements of this RFP. In case the vendor does not quote for any of the components/products, the response would be deemed to include the quote for such unquoted components/service. It is mandatory to submit the details in the formats provided along with this document duly filled in, along with the offer. The Bank reserves the right not to allow / permit changes in the technical specifications and not to evaluate the offer in case of non-submission of the technical details in the required format or partial submission of technical details.

6.1.2.8 In case of discrepancy in soft copy and hard copy of the bids, the vendors agree that Bank can consider hard copy as final and it will be binding on the vendor. The Bank in this case may also reject the offer outright.

6.1.2.9 Based on the Bank’s requirements as listed in this document, the vendor should identify the best-suited product that would meet the Bank’s requirements and quote for the same. In case the vendor quotes more than one model and they have not specified which particular model quoted by them needs to be considered, then the response would be considered as improper and the whole tender submitted by the vendor is liable to be rejected. The vendor is expected to provide the best option and quote for the same.

6.1.2.10 Vendor must furnish requirements as per the formats provided in the RFP document.

6.1.2.11 In the event the vendor has not quoted for any mandatory items as required by the Bank and forming a part of the tender document circulated to the Vendor’s and responded to by the vendor, the same will be deemed to be provided by the vendor at no extra cost to the Bank.

6.1.2.12 In the event the Bank has not asked for any quotes for alternative prices, and the vendor furnishes the alternative price in the vendor’s financial bid, the higher of the prices will be taken for calculating and arriving at the Total Cost of Ownership. However payment by the Bank will be made at the lower price. The Bank in this case may also reject the offer outright.

6.1.2.13 In the event optional prices are not quoted by the vendor, for items where such prices are a must and required to be quoted for, the highest price quoted by any of the participating vendor will be taken
as the costs, for such alternatives and also for arriving at the Total Cost of Ownership for the purpose of evaluation of the Vendor. The same item has to be supplied by the Vendor free of cost.

6.1.2.14 The Bank is not responsible for any assumptions or judgments made by the vendor for proposing and implementing the item / service / AMC. The Bank’s interpretation will be final.

6.1.2.15 The Bank ascertains and concludes that everything as mentioned in the tender documents circulated to the Vendor and responded by the vendors have been quoted for by the vendor, and there will be no extra cost associated with the same in case the vendor has not quoted for the same.

6.1.2.16 All out of pocket expenses, travelling, boarding, and lodging expenses for the entire life of the contract should be a part of the financial bid submitted by the vendor to the Bank. No extra costs on account of any items or services or by way of any out of pocket expenses, including travel, boarding and lodging etc. will be payable by the Bank. The vendor cannot take the plea of omitting any charges or costs and later lodge a claim on the Bank for the same.

6.1.2.17 The vendor at no point in time can excuse themselves from any claims by the Bank whatsoever for their deviations in confirming to the terms and conditions and other schedules as mentioned in the tender document circulated by the Bank. Vendor shall be fully responsible for deviations to the terms & conditions etc. as proposed in the tender document.

6.1.2.18 In the event of any changes observed by the Bank in the payment schedules as suggested by the Bank, the price bid of the vendor would be loaded with 10% of the total cost of that particular item / service / AMC. However, this additional loaded amount is only for evaluation purposes and will not be actually payable to the vendor. The Bank will conform to its payment schedule as specified in the tender document.

6.1.2.19 If related parties (as defined below) submit more than one bid then both /all bids submitted by related parties are liable to be rejected at any stage at Bank’s discretion:

- a) Bids submitted by holding company and its subsidiary
- b) Bids submitted by two or more companies having common director/s
- c) Bids submitted by two or more partnership firms / LLPs having common partners
- d) Bids submitted by two or more companies in the same group of promoters/management
- e) Any other bid in the sole discretion of the Bank is in the nature of multiple bids.

6.1.3 Price Bids

6.1.3.1 The vendor is requested to quote in Indian Rupee (INR). Bids in currencies other than INR would not be considered. The date for opening of price bids would be communicated separately to the successful Vendors post the completion of the technical evaluation.
6.1.3.2 The prices and other terms offered by vendors must be firm for an acceptance period of 180 days from the opening of the commercial bid.

6.1.3.3 Prices quoted by the Vendor should be inclusive of all taxes, duties, levies etc. except GST. GST will be paid at actuals. The Vendor is expected to provide the GST amount and GST percentage in both the commercial and masked bids (without amounts being submitted in the technical response). There will be no price escalation for during the contract period and any extension thereof. Bid submitted with an adjustable price quotation will be treated as non-responsive and will be rejected.

6.1.3.4 In case of any variation (upward or down ward) in Government levies / taxes / cess / duties etc. which has been included as part of the price will be borne by the Vendor. Variation would also include the introduction of any new tax / cess/ duty, etc provided that the benefit or burden of other taxes quoted separately as part of the commercial bid like GST and any taxes introduced instead of GST and levies associated to GST or any new taxes introduced after the submission of vendor’s proposal shall be passed on or adjusted to the Bank. If the Vendor makes any conditional or vague offers, without conforming to these guidelines, the Bank will treat the prices quoted as in conformity with these guidelines and proceed accordingly. Necessary documentary evidence should be produced for having paid any tax/cess/duty, if applicable, and or other applicable levies.

6.1.3.5 If any Tax authorities of any state, including, Local authorities like Corporation, Municipality etc. or any Government authority or Statutory or autonomous or such other authority imposes any tax, charge or levy or any cess / charge GST and if the Bank has to pay the same for any of the items or supplies made here under by the Vendor, for any reason including the delay or failure or inability of the Vendor to make payment for the same, the Bank has to be reimbursed such amounts paid, on being intimated to the Vendor along with the documentary evidence. If the Vendor does not reimburse the amount within a fortnight, the Bank shall adjust the amount out of the payments due to the Vendor from the Bank along with the interest calculated at commercial rate.

6.1.3.6 Terms of payment as indicated in the Purchase Contract that will be issued by the Bank on the selected Vendor will be final and binding on the vendor and no interest will be payable by the Bank on outstanding amounts under any circumstances. If there are any clauses in the Invoice contrary to the terms of the Purchase Contract, the vendor should give a declaration on the face of the Invoice or by a separate letter explicitly stating as follows “Clauses, if any contained in the Invoice which are contrary to the terms contained in the Purchase Contract will not hold good against the Bank and that the Invoice would be governed by the terms contained in the Contract concluded between the Bank and the vendor”.

6.1.3.7 The Bank is not responsible for any assumptions or judgments made by the vendor for arriving at any type of costing. The Bank at all times will benchmark the performance of the vendor to the RFP and other
documents circulated to the vendor and the expected service levels as mentioned in these documents. In the event of any deviations from the requirements of these documents, the vendor must make good the same at no extra costs to the Bank, in order to achieve the desired service levels as well as meeting the requirements of these documents. The Bank shall not be responsible for any assumptions made by the vendor and the Bank’s interpretation will be final.

6.1.4 Price Comparisons

6.1.4.1 Normalization of bids: The Bank will go through a process of evaluation and normalization of the bids to the extent possible and feasible to ensure that vendors are more or less on the same ground of evaluation. After the normalization process, if the Bank feels that any of the bids needs to be normalized and that such normalization has a bearing on the price bids; the Bank may at its discretion ask all the vendors to resubmit the commercial bids once again for scrutiny. The Bank can repeat this normalization process at every stage of bid submission or till the Bank is satisfied. The vendors agree that they have no reservation or objection to the normalization process and all the vendors will, by responding to this RFP, agree to participate in the normalization process and extend their co-operation to the Bank during this process.

6.1.4.2 The Vendor is expected to provide details of services which are required to be extended by the Vendor in accordance with the terms and conditions of the contract.

6.1.4.3 The Vendor must provide and quote for the required services as desired by the Bank as mentioned in this RFP and subsequent requirement by the Bank. Any services not proposed to be provided by the Vendor will result in the proposal being incomplete, which may lead to disqualification of the Vendor.

6.2 Performance Guarantee

The successful vendor shall provide a Performance Guarantee within 30 days from the date of receipt of the order or signing of the contract whichever is earlier in the format as provided in Annexure 16 to the extent of 10% of the total contract value for the entire period of the contract plus 3 months and such other extended period as the Bank may decide for due performance of the project obligations. The guarantee should be of that of a nationalized Bank only, other than Bank of Baroda.

In the event of non-performance of obligation or failure to meet terms of this Tender the Bank shall be entitled to invoke the performance guarantee without notice or right of demur to the vendor. The Bank reserves the right to reject any or all bids in part or in full, without assigning any reason whatsoever.

6.3.2 By submitting a proposal, the vendor agrees to promptly contract with the Bank for any work awarded to the vendor. Failure on the part of the awarded vendor to execute a valid contract with the Bank will relieve the Bank of any obligation to the vendor, and a different vendor may be selected based on the selection process.

6.3.3 The terms and conditions as specified in the RFP and addendums (if any) thereafter are final and binding on the vendors. 6.3.4 The vendor must strictly adhere to the delivery dates or lead times identified in their proposal and as agreed by the Bank. Failure to meet these delivery dates, unless it is due to reasons entirely attributable to the Bank, may constitute a material breach of the Vendor’s performance. In the event that the Bank is forced to cancel an awarded contract (relative to this tender document) due to the Vendor’s inability to meet the established delivery dates or any other reasons attributing to the vendor then that vendor will be responsible for any reprocurement costs suffered by the Bank. The liability in such an event could be limited to the differential excess amount spent by the Bank for procuring similar deliverables and services.
