## **COMPENSATION POLICY**

### **Introduction**

Technological progress in payment and settlement systems and the qualitative changes in operational systems and processes that have been undertaken by various players in the market have enabled market forces of competition to come into play to improve efficiencies in providing better service to the users of the system. It will be the bank's endeavor to offer services to its customers with best possible utilization of its technology infrastructure. Withdrawal of the Reserve Bank of India instructions to banks on time frame for collection of outstation cheques, payment of interest on delayed collection of outstation cheques/instruments, with effect from 1<sup>st</sup> November 2004, had offered bank further opportunities to increase its efficiency for better performance. This Compensation policy of the bank is therefore, designed to cover areas relating to unauthorized debiting of account, payment of interest to customers for delayed collection of cheques/instruments, payment of cheques after acknowledgement of stop payment instructions, remittances within India, lending, etc. The policy is based on principles of transparency and fairness in the treatment of customers.

### **Objective**

The objective of this policy is to establish a system whereby the bank compensates the customer for any financial loss he/she might incur due to deficiency in service on the part of the bank or any act of omission or commission directly attributable to the bank. By ensuring that the customer is compensated without having to ask for it, the bank expects instances when the customer has to approach Banking Ombudsman or any other Forum for redressal to come down significantly.

### **Framework**

The policy covers only compensation for financial losses which customers might incur due to deficiency in the services offered by the bank which can be measured directly and as such the commitments under this policy are without prejudice to any right the bank will have in defending its position before any forum duly constituted to adjudicate banker-customer disputes.

Various kinds of financial losses are outlined below :

#### **1. Unauthorized/ Erroneous Debit :**

If the bank has raised an unauthorized/erroneous direct debit to an account, the entry will be reversed immediately on being informed of the erroneous debit, after verifying the position. In the event the unauthorized/erroneous debit has resulted in a financial loss for the customer by way of reduction in the minimum balance applicable for payment of interest on savings bank deposit or payment of additional interest to the bank in a loan account, the bank will compensate the customer for such loss. Further, if the customer has suffered any financial loss incidental to wrongful return of a cheque or failure to entertain direct debit

instructions, arising due to insufficient balance on account of the unauthorized/erroneous debit, the bank will compensate the customer to the extent of such financial losses.

In case verification of the entry reported to be erroneous by the customer does not involve a third party, the bank shall arrange to complete the process of verification within a maximum period of 7 working days from the date of reporting of erroneous debit. In case, the verification involves a third party, the bank shall complete the verification process within a maximum period of one month from the date of reporting of erroneous transaction by the customer.

Erroneous transaction reported by customers in respect of credit card operations which require reference to a merchant establishment will be handled as per rules laid down by card association.

In case, a customer protests any bill, the bank will provide explanation and, if necessary, documentary evidence to the customer within a maximum period of sixty days with a spirit to amicably redress the grievances.
